A. Statutory Revisions: Workgroup 1 - Front End Committee and  
Workgroup 2 Release Mechanisms - Honorable Ricky Wicker

1. Art. 890.1 Crimes of Violence Hinge with the District Attorney  
Association to discuss the batteries, assaults and aggravated

crimes be moved to the variable list. The language was simplified and removed the word variable and non-variable.

**Motion by Lopinto**

**Second by Cazes**

**Approved**

2. Art 890.1.1 - Mandatory Minimum and Benefit Restriction Discretion Hinge – Honorable Ricky Wicker  
The additions make it clear that the changes to mandatory minimums and benefit restrictions will not take it below the parole eligibility for inmates as outlined in RS15:574.4 or for a life sentence.

Ricky Babin suggested that the revised Art 890.1. be sent out for a second round of vetting.

**Motion by Cheney**

**Second by Cazes**

**Approved**

3. Eliminate Mandatory Minimums on Fines - Honorable Jimmy Gaidry  
This allows the judge to review on a case by case basis the offenders ability to pay fines. The mandatory imposition of a fine causes the courts and other agencies that receive the funds to show an inaccurate accounts receivable when offenders do not have the ability to pay.  
(No motion was made on this since it is included in 890.1.1)

4. Drug Free Zones, Reduced from 2,000 feet to 1,000 feet

**Motion by Chaney**

**Second by Cazes**

**Approved**

- B. Statutory Revisions Workgroup 2 Release Mechanisms – Honorable Fredericka Wicker
1. Administrative Sanctions added to the DOC Performance Grid used by Probation and Parole Officers. The grid aids the officers in taking the appropriate actions based on the offenders behaviors.
    - a. A systematic approach needs to be developed to assist DOC with this process.
    - b. The judges will receive training on Administrative Sanctions during the summer training session for judge.
    - c. Level 4 violation on the grid are not included in Administrative Sanctions due to the nature of the criminal conduct. Judge Jules Edwards is working on additional language for legislative additions to Art. 803 which will be paragraph v. Their admission cannot be used against them in prosecuting the new criminal activity.
    - d. Can the admission be seen as double jeopardy for the offender. No. However the members agreed that the initial sanction can be included in subsequent criminal activity since it points to continuing poor conduct which violated their probation.
  2. Pardon and Parole Board Merger – Genie Powers
    - a. Revising the Conditions of Parole to include the current best practices. This will be submitted as part of the DOC package.
    - b. There were no changes to the language to merge the Pardon and Parole Boards so it is still out for vetting.
  3. Medical Parole – Representative Joe Lopinto
    - a. There are no changes in this area.
  4. Home Incarceration and Specialty Courts – Darryl Campbell and Rhonda Nichols

- a. The Survey to home incarceration providers has been mailed out.
  - b. The letter has been approved to be sent to the judges to inform them of what is happening with home incarceration providers reporting to DOC.

**Motion by Joseph**  
**Second by Lopinto**  
**Approved**
  
6. Repeal Risk Review Panel  
The Release Mechanisms Committee approved the elimination of the Risk Review Panel due to the high cost of operation compared to the small percentage of offenders processed.  
**Motion by Lopinto**  
**Second by Joseph**  
**Approved**
  
7. Good Time – Billie Kline  
The change in wording is for clarification but does not change the amount of Good Time earned. The new language will be sent out for vetting. This does not include the habitual offenders.  
It was moved that the new language of Good Time be forwarded for vetting.
