- III. Legislative Update  
*Mr. Carle Jackson, LCLE*

Mr. Jackson review the status of bills related to the recommendations of the Commission from the 2014 Term.

- IV. Other Legislation affecting the Commission

*Honorable Ricky Babin, Chairman*

Honorable Ricky Wicker summarized the following bill:

1. HB 743 by Representative Helena Moreno
  - a. This bill would add three new members to the commission, each appointed by the Governor:
    1. The deputy secretary of the Louisiana Department of Corrections, youth services, office of juvenile justice, or his designee. (ex officio; non-voting member)
    2. A judge with experience in handling juvenile cases
    3. A person with experience and expertise in the juvenile justice system
  - b. A member of the commission is permitted to appoint one proxy. The proxy appointed by a member must have the same membership qualifications or be a member of the same entity as the appointed member, & an individual shall not serve as proxy for more than one commission member.
  - c. Legislation may be recommended by the commission only upon approval by two-thirds vote of the commission members present.

Honorable Ricky Wicker told the Commission after the bill was passed from the House and reported favorably by the Senate Committee on Judiciary C, Senator Kostelka became a co-author. The bill was amended on the floor of the Senate to limit the recommendations of the Commission to only those matters pertaining to sentencing and post-conviction relief. The amended bill was concurred in by the House and has been sent to the Governor. The effect of the revisions to the Commission's purpose and scope of recommendations is unknown at this time as one section says post-conviction relief, while another refers to post-conviction options. The latter term is broader and would include things like recidivism reduction, release mechanisms, and re-entry, while the former term is very restrictive, as defined in the Code of Criminal Procedure. Depending on the intent and interpretation of the language, the bill may limit the Sentencing Commission's recommendations to the sentencing process and the procedural matters after direct appeal, although the bill does say "Reports of the commission shall include but not be limited to ... post-conviction options" in paragraph H.

**Honorable Charles Ballay motioned to recommend to the Governor that HB 743 be considered for veto. Seconded by Mr. James Dixon. The motion was approved 8 to 2, with dissenting votes by Ms. Debbie Hudnall, and Honorable Laurie White (as proxy for Helena Moreno)**

- V. Government efficiency project  
*Secretary Jimmy LeBlanc, DOC*

Secretary James LeBlanc is overseeing a Government efficiency project to save money using these four components. It would save \$2.2. million.

1. Expand DOC Certified Treatment direction to prison system
2. Transition to work program in New Orleans and Jefferson Parish.
3. Re-Entry sentence funding to open additional reentry centers
4. Expanding day reporting centers for probation and parole in Lafayette, Monroe, Covington, Lake Charles, and Alexandria. All should be open by end of 2015. This is money reinvested from the DOC.

VI. HCR 146

*Honorable Ricky Wicker and Ms. Angela Whittaker, DOC*

Ms. Angela Whittaker reported HCR 146 by Representative Leger requires DOC to conduct a statewide study of state incarceration and recidivism rates. This report is to be completed by December 1<sup>st</sup>. No research department is available at the DOC, so it must be all voluntary. Rev. Barnwell says Carle Jackson has organized a coalition for the study to be done by professors from LSU, Tulane, Loyola and Southeastern. Honorable Ricky Wicker added the sociology professor from LSU who has previously worked with DOC will also be involved. Angela mentioned the group will have a second meeting to meet with Secretary Leblanc.
