The Department of Justice is interested in prioritizing projects that build upon the department’s foundational mission and core values, promote civil rights and access to justice, and protect Americans and combat evolving threats. These values are also inherent in the grant programs supported by the Violence Against Women Act (VAWA). OVW strongly encourages applicants to consider and document ways in which their projects can and will promote civil rights (including by meeting the needs of underserved and marginalized survivors), improve access to justice, enhance survivor safety, and hold offenders accountable.

The Services * Training * Officers * Prosecutors (STOP) Violence Against Women Formula Grant Program (STOP Formula Grant Program) is authorized by 34 U.S.C. §§ 10441, 10446–10451. The STOP Formula Grant Program supports communities, including American Indian tribes and Alaska Native villages, in their efforts to develop and strengthen effective responses to:

- a. domestic violence,
- b. dating violence,
- c. sexual assault, and
- d. stalking.

The STOP Program continues to encourage the development and implementation of effective, victim-centered law enforcement, prosecution, and court strategies to address violent crimes against women and the development and enhancement of victim services in cases involving violent crimes against women. It envisions a partnership among law enforcement, prosecution, courts, and victim services organizations to enhance victim safety and hold offenders accountable for their crimes against women

3. Match Requirements

Match is the dollar amount or value that the subgrantee agrees to contribute to a STOP-funded program. The costs that the recipient incurs in fulfilling its matching or cost sharing requirement are subject to the same requirements as the Federal grant funds. Allowable cash or in-kind match must include those costs which are allowable according to the program guidance and in compliance with applicable cost principles in (2 CFR Parts 220, 225 and 230) and administrative requirements (28 CFR Parts 66 and 70).

- There is a twenty-five percent (25%) match requirement imposed on grant funds under the STOP Formula Grant Program. A subgrant made under this program may not cover more than seventy-five percent (75%) of the total costs of the project being funded.
- The state is exempted from matching the portion of the state award that goes to a victim service provider for victim services or that goes to tribes.
- Subgrantees must identify the source of the 25 percent non-Federal portion of the project costs and how match funds are used. Grantees may satisfy the required match with either cash or in-kind services.
- Funds or in-kind resources used as match must be directly related to the project goals and objectives.
- **Types of Match**
 - Cash Match (also referred to as “hard” match) means the subgrantee’s non-federal cash outlay including the outlay or money contributed to the subgrantee by other public agencies, institutions, private organizations and individuals spent for project-related costs.
 - In-Kind Match (also referred to as “soft” match) means the value of non-cash contributions provided by non-Federal third parties. Third party contributions may be in the form of real property, equipment, supplies, and other expendable property and the value of goods and services directly benefiting and specifically identifiable to the project or program.
 - Or a Combination of both Cash and In-Kind Match is allowable.

4. Other Requirements

-
- **Background and Fingerprint Checks**
 - Any staff person working with populations, including victim advocates, volunteers, secretaries, counselors, etc. who come into contact with vulnerable populations, including victims served by your programs must have had an employment-rated criminal background check conducted to ensure their history is clear. The staff must comply with the most current version of the Louisiana Child Protection Act, LRS 15:587.1 and the Adult Protective Services (APS) Law, LRS 15:1501-1511.

 - **Supplanting/Non-Supplanting**
 - Federal funds must be used to supplement (add to), enhance or expand existing services for program activities and not replace those funds that have been appropriated for the same purpose.
 - A grant recipient may not use Federal grant funds to defray any costs that the recipient already is obligated to pay.
 - The possibility of supplanting will be the subject of careful application review, possible pre-award review, post-award monitoring, and audit of any finding.
 - If any additional information, assistance with definition, or examples of supplanting is needed, please contact the LCLE STOP Program Manager.

 - **Conflict of Interest Disclosure Form**

All awards are subject to the terms and conditions, cost principals, and other considerations described in 2 CFR 200: Uniform Guidance – Uniform Administrative Requirements, Cost Principals, and Audit Requirements, OVW Grants Management Financial Guide, Frequently Asked Questions About STOP Formula Grants, Louisiana statutes and LCLE policy.

Prohibited Activities that Compromise Victim Safety and Recovery

Because of the overall purpose of the program to enhance victim safety and offender accountability, grant funds may not be used to support activities that compromise victim safety and recovery. The following activities have been found to jeopardize victim safety, deter or prevent physical or emotional healing for victims, or allow offenders to escape responsibility for their actions:

- Procedures or policies that exclude victims from receiving safe shelter, advocacy services, counseling, and other assistance based on their actual or perceived age, immigration status, race, religion, sexual orientation, gender identity, mental health condition, physical health condition, criminal record, work in the sex industry, relationship to the perpetrator, or the age and/or gender of their children;
- Procedures or policies that compromise the confidentiality of information and privacy of persons receiving OVW-funded services;
- Offering perpetrators the option of entering pre-trial diversion programs or placing batterers in anger management programs;
- Requiring mediation or counseling for couples as a systemic response to domestic violence or sexual assault, or in situations in which child sexual abuse is alleged;
- Requiring victims to report sexual assault, stalking, or domestic violence crimes to law enforcement or forcing victims to participate in criminal proceedings;
- Relying on court-mandated batterer intervention programs that do not use the coercive power of the criminal justice system to hold batterers accountable for their behavior; or
- Supporting policies or engaging in practices that impose restrictive conditions to be met by the victim in order to receive services (e.g., attending counseling, seeking an order of protection).

Out-of-Scope Activities

Research projects are outside the statutory scope of the STOP Formula Grant Program and therefore cannot be supported with program funds.

Unallowable Activities

The following is a list of activities that are unallowable and cannot be supported by OVW STOP Formula Grant Program funding:

- Lobbying
- Fundraising
- Purchase of real property
- Construction
- Physical modifications to buildings, including minor renovations (such as painting or carpeting)

Program Assessments

Applicants may **not** use any OVW funds to conduct research. However, up to three percent of the budget may be allocated for the purpose of assessing the effectiveness of funded activities. For example, funds may be used to conduct pre-and post-testing of training recipients or for victim satisfaction surveys. In conducting such testing or surveys, grantees may not collect, analyze or disseminate any information that would disclose the identity of an individual.

F. AWARD INFORMATION

If an application receives approval from the District or Coalition review, the applicant will be invited to submit the full application through the LCLE E-grants system. The application will then be presented to the Commission on Law Enforcement for final approval after which time an award will be issued. Awardees are expected to comply with all special conditions, certified assurances, and will meet the quarterly programmatic and fiscal reporting requirements.

No diminished support policy is presently in effect for all programs, but the Board will reserve the right to approve a program at a reduced level. This will take into account other projects requesting funding and the past ability of the agency to appropriately expend its award funds. Funding is contingent on funds availability, proper subgrant management, meeting goals and objectives, and complying with all requirements. The Board may make recommendations to the Commission to reduce funding or discontinue funding to those agencies not meeting these requirements.
